GolfScoreHQ

Every league at your course, run for you.

Golfers score on their phones. The leaderboard goes live on your grill-room TV. Skins, closest to the pin and match money settle themselves. No spreadsheets, no arguments.

For the pro shop

- **Clubhouse TV.** A live leaderboard keeps golfers in the grill room after the round.
- **Every league in one place.** Men's, ladies', couples, twilight. One login, no paper.
- **Sponsor screen.** Sell the TV slot to a local business.
- **Your staff does nothing.** Golfers and commissioners run it from their phones.

For the league commissioner

- **Scores on phones,** hole by hole, live for everyone.
- **Handicaps:** GHIN index or calculated from league rounds.
- **Money done:** skins, CTP, matches and presses, with Venmo / PayPal / Zelle links. The app never holds money.
- **RSVPs, sub finder, weekly recap email** and season awards.

Formats: best-ball match play · stroke play · Stableford · scramble
